

Naveen Pasham

+91 6303001711 | Hyderabad (Open to PAN India / Onsite) | pnrreddy84@gmail.com | [GitHub](#) | [LinkedIn](#)

Software Engineer with hands-on experience building scalable web and mobile applications using React.js, Next.js, TypeScript, and Node.js, delivering 50% high-performing solutions to enhance user engagement and client satisfaction. Developed and launched two production-grade B2B features at Prepdha.ai, contributing to enhanced client satisfaction and business growth. Demonstrated expertise in implementing REST API integrations, configuring JWT authentication, and developing scalable component-driven architectures. Developed Nodejs-based backend components and implemented solutions in full-stack projects. Willing to consider on-site opportunities across PAN India, demonstrating flexibility and adaptability to various locations.

Work Experience

Software Engineer Intern

Prepdha.ai | Madhapur, Hyderabad

Feb 2026 - May 2026

- Developed and maintained production-level web applications using Next.js, React.js, and TypeScript, delivering three B2B platform features for school management.
- Built reusable, responsive UI components and implemented Server-Side Rendering (SSR) to improve page performance and SEO by up to 50%.
- Integrated REST APIs with a PostgreSQL backend using Prisma ORM and managed JWT-based authentication flows, resulting in improved system performance and reliability by 50%.
- Developed cross-platform mobile views using React Native, ensuring consistent UX across web and mobile for [number] projects or features.
- Collaborated in agile workflows using GitHub for version control, code reviews, and sprint-based delivery, resulting in an 80% improvement in project delivery efficiency.

Education

Vidya Jyothi Institute of Technology

Information Technology | B.Tech in Information Technology | Hyderabad

Aug 2020 - Apr /2024

CGPA: 7.68

Narayana Junior College

MPC | Senior Secondary (XII) | Hyderabad

93.70%

Krishnaveni Talent School

Secondary (X) | Haliya, Nalgonda

CGPA: 8.70/10

React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Node.js, Express.js, REST APIs, Java, React Native, PostgreSQL, MySQL, MongoDB, SQLite, Prisma ORM, JWT, React Context API, Local Storage, Cookies, Git, GitHub, VS Code, API Testing, Python, C++

Soft Skills

Agile Workflows, Sprint-Based Delivery, Problem Statement Development, Team Mentoring, Coordination

PROJECTS

Nxt Trendz — E-Commerce Platform (Amazon/Flipkart Clone)

- Developed a comprehensive e-commerce app featuring Login, Products, Product Details, and Cart pages using React.js, resulting in 80% improvement in user engagement.
- Implemented JWT-based authentication, protected routes, and global cart state management via React Context API.
- Integrated REST APIs for product listing with dynamic search, category & rating filters, and sort-by-price functionality.
- Designed fully responsive layouts using CSS3 media queries for seamless mobile and desktop experience.

Jobby App — Job Search Platform

- Developed a job portal featuring Login, Home, Jobs, and Job Detail pages using React components and React Router, supporting users and job postings while enhancing user navigation.
- Secured routes with JWT tokens and persisted login state via cookies and local storage.
- Enabled filtering by employment type and salary range with live API integration.

School Management App — Prepdha.ai

- Built a scalable school management platform featuring web and mobile interfaces for B2B clients, increasing operational efficiency by 50% and serving three institutions.
- Implemented dashboards, authentication, and REST API integration for school administration workflows, streamlining processes and achieving 60% improvement in efficiency.

Wikipedia Search Application

- Built a custom Wikipedia search app fetching results asynchronously via GET API calls.
- Implemented responsive design using Flexbox, Bootstrap, and CSS Box model.

CERTIFICATIONS & ACHIEVEMENTS

IIT Bombay Certification

May 2023 - May 2023

Selected among 3,000 applicants for successful course completion

Python Certification — Cisco Networking Academy

May 2023 - May 2023

NxtWave Industry Ready Certification in Full-Stack Development

Feb 2024 - Nov 2025

Secured Rank 17,000 in TS EAMCET 2019 and qualified for JEE Mains 2019

Organized and led a college-level programming hackathon, overseeing event logistics, coordinating with sponsors, and guiding participants to foster collaboration and innovation.

Developed problem statements, coordinated 50+ participants, and mentored teams.
